Subject: October 2002 Food Stamp Mass Change
Broadcast to All Staff from Systems Operations

October 2002 Food Stamp Mass Change

The Food Stamp Mass Change job did not run successfully this weekend. We will be running the job again tonight, Tuesday, September 3, 2002. You will need to double check October benefits for any food stamp cases worked on yesterday or this morning prior to receiving this broadcast. We recommend you hold off on processing any food stamp cases for October benefits until you hear that mass change has run successfully.

The Temporary Assistance Mass Change job did run without any problems.

We apologize for the inconvenience this has caused.
